

ACME CORP - GENERAL NOTES (v2 draft, update later)

Ok so basically this doc has a bunch of stuff about how things work here, leave it as is for now, ill clean up later -- priya

Leaves: full timers get 18 days paid leave per year, this resets every Jan 1st. if you joined mid year its prorated, ask HR for exact number. sick leave is separate, you get 7 days sick leave, need a doctor note if its more than 2 days in a row. for sick leave just message your manager on slack, no formal process needed unless its more than 2 days.

note - probation period folks (first 3 months) dont get paid leave, only 2 casual leaves total during probation.

Remote work - you can wfh up to 2 days a week but manager has to approve, just ping them on slack. if your whole team is remote that day its fine no approval needed. Fridays are generally wfh days for engineering but not for sales/support teams since they need to be in office for client calls.

IMPORTANT: laptop replacement - if your laptop is older than 3 years you can request a replacement, fill the IT form (link on intranet). turnaround is usually 2-3 weeks.

expense reimbursement: submit within 30 days of expense, anything above 5000 rupees needs manager approval before you spend (not after). travel expenses for client visits are reimbursed fully including food, keep all receipts.

random note: office wifi password changes every month, check the slack #it-announcements channel.

Performance reviews happen twice a year - april and october. self review form needs to be filled 1 week before the actual review meeting with your manager.

Health insurance covers employee + spouse + up to 2 kids, parents not covered by default but you can opt for additional parental cover at your own cost, contact HR for the form.

dress code is "smart casual" mon-thu, fridays are casual (jeans fine). no shorts ever, flip flops not allowed except in summer (april-june).

Referral bonus: if you refer someone and they get hired and complete 3 months, you get 20000 rupees, paid in next month payroll after their 3 month mark.

Exit process - notice period is 60 days for all full time employees, 15 days during probation. need to complete exit checklist on the HR portal, return laptop + ID card on last day.

oh also - parking is first come first serve, no assigned spots, ev charging points available on level 2 only.

Maternity leave is 26 weeks as per law, paternity leave is 2 weeks, both need to be informed to HR at least 1 month in advance for planning purposes (unless emergency obviously)
